Cure for Piles.

Piles are frequently preceded by a sense of  
weight in the back, loins and lower part of  
the abdomen, causing the patient to suppose  
he has some affection of the kidneys or neigh-  
boring organs. At times, symptoms of indig-  
estion are present, as flatulency, uneasiness  
of the stomach, etc. A moisture, like perspira-  
tion, producing a very disagreeable itching,  
after getting warm, is a common attendant.  
Bleeding, itching and swelling piles yield at once  
to the application of Dr. Bosanque's Pile Rem-  
edy, which acts directly upon the parts affect-  
ed, absorbing the tumors, allaying the in-  
flame itching, and effecting a permanent cure.  
Price 50 cents. Address the Dr. Bosanque Med-  
icine Co., Piqua, O. Sold by Geo. T. Wood.

## OUR NATION'S CAPITAL.

THE FULL PROCEEDINGS OF THE  
SENATE AND HOUSE.

Memorials Presented and Bills Introduced  
In the Senate—A Letter From the Direc-  
tor of the Mint Laid Before the House.  
Presidential Nominations—Notes.

WASHINGTON, Dec. 9.—In the senate Mr.  
Edmunds presented a memorial favoring a  
constitutional amendment empowering con-  
gress to pass uniform marriage and divorce  
laws. Referred. Also a memorial prohib-  
iting aliens to possess large tracts of land.  
Referred.

Mr. Sawyer presented a memorial of the  
Methodist Episcopal church conference, of  
Wisconsin, for legislation in behalf of  
Chinese laborers, and the passage of the Chinese  
indemnity bill. Referred.

The following bills were introduced and re-  
ferred:  
By Mr. Manderson, authorizing the Treas-  
ury, Eikhorn & Missouri Valley Railroad  
company to extend its track across the Fort  
Meade military reservation in Nebraska.

By Mr. Plumb, to authorize the secretary  
of the interior to certify lands for agricul-  
tural purposes to the state of Kansas, also to  
provide for the sale of certain portions of the  
fort Leavenworth military reservation.

By Mr. Hoar, for the erection of a monu-  
ment to the negro soldiers and sailors who  
gave their lives to the preservation of the  
government.

Mr. Ingalls offered a resolution calling on  
the secretary of the treasury for information  
as to the number of manufacturers of  
and wholesale and retail dealers in dis-  
cussing, who have paid the special tax;  
the district in which such taxes were paid  
and the number of pounds of oleomargarine  
assessed, and the districts in which it has  
been made. Adopted.

The senate, at 1:40 went into secret session,  
and at 1:50 adjourned.

Recommendation From the Mint Director.

WASHINGTON, Dec. 9.—A recommendation  
was laid before the house from the secretary  
of the treasury, containing the recommen-  
dations of the director of the mint, on legisla-  
tion in relation to the statutory limit of  
subsidiary silver coin outstanding in cir-  
culation. The director says that the practice  
of the department seems to have been based  
on the theory that it is its duty to supply  
subsidiary coin up to the full requirements  
of the public demand.

This practice, however, does not seem to  
accord with the joint resolution of 1876, lim-  
iting the amount of subsidiary coin outstand-  
ing to \$50,000,000. To sustain the depart-  
ment in its theory and action in this matter,  
the director submits the draft of a joint res-  
olution, providing that so much of the act of  
1876 above referred to, as limits to \$50,000,000  
the amount of subsidiary silver coin out-  
standing, be repealed. It also authorizes the  
director to purchase the bullion required for  
this coinage with the bullion fund; with  
provision that this amount be confined into  
half dollars, quarters and dimes, to be regu-  
lated by the secretary.

Nominations Sent to the Senate.

WASHINGTON, Dec. 9.—The president has  
sent to the senate the following nominations:  
Thomas Moonlight, of Leavenworth, Kan.,  
to be the governor of Wyoming Territory;  
Arthur L. Thomas, of Pennsylvania, to be a  
member of the Utah commission; Naval Con-  
structor Theodore D. Wilson, to be chief of  
the bureau of construction and repair, and  
chief constructor in the department of the  
navy, with the relative rank of commodore;  
Pay Director James Fulton to be chief of the  
bureau of provisions and clothing, and pay-  
master general in the department of the navy  
with the relative rank of commodore;  
Pay Inspector Rufus Rank to be a pay di-  
rector; Paymaster James E. Toffree to be a  
pay inspector; Assistant Paymaster John  
Corwine to be a passed assistant paymaster.

House.

WASHINGTON, Dec. 9.—A letter from the  
director of the mint enclosing a draft of a  
bill for the issue of subsidiary silver coin was  
laid before the house and referred.

Mr. Boutelle, of Maine, asked unanimous  
consent to put upon its passage a bill admit-  
ting free of duty material to be used in re-  
building the town of Eastport, Me., destroyed  
by fire on October 14 last.

Mrs. Cleveland Still Absent.

WASHINGTON, Dec. 9.—Mrs. Cleveland has  
not returned here, despite reports to the  
contrary, and at the White house they do  
not know when she will return. No time  
has been named for her arrival.

To Consider Agricultural Bills.

WASHINGTON, Dec. 9.—The house com-  
mittee on agriculture will have a meeting to-  
morrow for the purpose of considering the  
bills relating to pleuro-pneumonia, and agri-  
cultural experiment stations.

No Pension Bills This Session.

WASHINGTON, Dec. 9.—Senator Sawyer  
says he does not think a single pension bill  
will be passed by the senate this winter.  
"We have taken the president's vetoes as a  
notice to quit," he says.

The President Improving.

WASHINGTON, Dec. 9.—The president con-  
tinues to improve, but still denies himself to  
visitors. Senators and representatives have  
been unable to see him on business since con-  
gress convened.

A DOUBLE HORROR.

Frightful Work of a Farm Hand Near  
Eaton—Lynchers Pursuing.

EATON, O., Dec. 9.—A horrible murder was  
committed last night one and one-half miles  
northwest of this town, the victim being Mr.  
Daniel Christman, and the probable murder-  
er, by William Musel, a farm hand, who at-  
tacked Christman on the outside of his  
house, and then his wife, who was sleep-  
ing, with an ax, nearly severing her head  
from her body.

Mr. Christman died in a few hours. His  
wife will probably die. He also tried to fire  
the house. He made good his escape after  
securing \$20. Musel is lame in his left leg.  
He ate breakfast at Somerville, and a  
party are in pursuit of him. If caught, he  
will probably be lynched. Excitement runs  
high.

Archbishop Kenrick at Glasgow.

GLASGOW, Mo., Dec. 9.—A notable event  
in Catholic circles, in this vicinity, was the  
visit to this city of Archbishop Kenrick. He  
arrived from St. Louis on the Chicago &  
Alton road late last evening, accompanied  
by Father Welsh, of St. Bridget's church of  
that place, who assisted him in the confirma-  
tion services at St. Mary's Catholic church  
this morning. At 8 o'clock sixty-five persons  
received confirmation at the hands of the  
venerable prelate, after which he delivered a  
short address, full of good advice to the com-  
municants. The archbishop appeared to be  
enjoying his usual good health and spirits,  
and looked remarkably well considering his  
great age. He was assisted in the services by  
Father Autker, of Bowling Green, Mo., and  
Father Bank, of this place. The archbishop  
preached here forty years ago in a building  
then used as a school house, but now occupied  
by one of our merchants as a business house.  
At the close of the services this morning  
the archbishop and Father Welsh left for  
St. Louis.

Illinois Bar Association.

SPRINGFIELD, Ill., Dec. 9.—Melville W.  
Fuller and J. B. Bradwell, of Chicago; Ben-  
son Wood, of Effingham; E. B. Hamilton,  
of Quincy, and Alfred Orendorff and F. H.  
Jones, of Springfield, of the executive com-  
mittee of the State Bar association, met here  
to-day and finished the program for the next  
annual meeting of that body, in this city,  
January 11 and 12 next. The first day will  
be mainly devoted to the transaction of  
routine business of the association, and the  
second to papers and discussions, concluding  
with a banquet at the Leland. There will be  
three memorial addresses this year, one on  
the late Judge David Davis, by Leonard  
Swett of Chicago; one on the late B. S. Ed-  
wards, of this city, by Judge Kirby, of  
Jacksonville, and one on the late Judge  
Seales, by Justice Schofield, of the state  
supreme court.

Mr. Garland Lungs for Rent.

LITTLE ROCK, Ark., Dec. 9.—A letter re-  
cently written by Mr. Garland to a friend in  
Little Rock contains the following para-  
graph: "I am at present trying to serve the  
whole country as an impartial agent to the  
cabinet, and the question of whether or not  
I will be a candidate for re-election to the  
United States senate two years hence is so  
far in the future that I have not even thought  
of the subject. However, I feel safe in saying  
that my official services will cease for  
awhile at the end of my term as attorney  
general, because I long for the rest and quiet  
of at least merit at the hands of the good  
people of Arkansas, who have honored me  
by their political preferences."

Dynamite Explosion.

FORT SMITH, Ark., Dec. 9.—A terrible ex-  
plosion of dynamite occurred at Black-Rock  
tunnel, on the Frisco extension yesterday  
afternoon, by which two men were instantly  
killed and three wounded, one fatally. The  
names of the killed were W. A. Cipe, of  
Ironton, Mo., and Michael McDonough, of  
Cleveland, O. James Gibbing was fright-  
fully wounded, and A. S. Kemp and John  
Gray received bruises and cuts. The ex-  
plosion was caused by drilling in an old hole at  
the heading of the tunnel, when the drill  
struck several forgotten dynamite car-  
tridges at the bottom of the hole, causing the  
fearful catastrophe. The bodies of the killed  
were brought to this city.

Another Queen City Assignment.

CINCINNATI, Dec. 9.—William S. T. Or-  
ton, aged forty, grain and pork broker, o-  
4 College building, Walnut street, assigned  
this morning to Howard Douglas, an ex-  
perience were given. Assets and liabilities  
will fall below \$10,000, but no statement can  
be obtained. Mr. Thornton claimed to be  
worth \$40,000 in 1883, but subsequently lost  
nearly everything in business. His former  
partner, Maj. Sam Reed, died two years ago  
since which time Thornton has been carry-  
ing on the brokerage business alone. He has  
been interested mainly in Chicago deals, and  
has been considered a fair speculator.

Died at 110.

HOUSTON, Tex., Dec. 9.—This morning  
a colored woman, named Charlotte Malone,  
died at the corner of Dallas and St. Charles  
streets, in the third ward, at the age of 110  
years. She was born in the year 1776. Dur-  
ing her early life she witnessed the entry of  
Gen. Jackson into New Orleans, and was in  
the city during the battle that declared the  
supremacy of the riflemen volunteers over  
the flower of the British army, under Gen.  
Packenham. Her mind was vivid in re-  
collection of all events in connection with that  
historic period. Justice A. R. Kaley held  
an inquest on her body.

Missing Schooner Heard From.

HAMILTON, Ont., Dec. 9.—The schooner  
Sylvester Neeson, which sailed from Chicago  
for Callingwood a month ago, and was thought  
to have gone down with all on board, has  
been heard from. Her owners here received  
word yesterday that the crew were at Owen  
Sound, having abandoned the vessel at To-  
bermory, on Great Manitoulin Island, and  
walked 200 miles through a rough country to  
Owen Sound. The Neeson was valued at  
\$10,000.

A Mad Woman.

DETROIT, Mich., Dec. 9.—The maddest  
woman in the state is believed to be Mrs.  
George Semon, of Charlotte, who after much  
tedious litigation secured a divorce on Sat-  
urday from her husband on the ground of  
non-support. Yesterday Mr. Semon received  
notice that an aunt had recently died in  
France leaving him \$30,000.

The Pan-Handle Getting Generous.

PITTSBURG, Dec. 9.—The employees of the  
freight department of the Pan-Handle Rail-  
road company have been notified that here-  
after they will receive extra pay for all over-  
time. This includes the freight conductors,  
engineers, brakemen and yardmen.

Suicided While Insane.

HALIFAX, Dec. 9.—Robert Lewis, a  
Crimean veteran, blew his brains out yester-  
day, as a result of temporary insanity,  
brought on by family troubles. He contested  
in the British army forty-four years ago  
under an assumed name.

A Fatal Sailors' Fight.

HALIFAX, N. S., Dec. 9.—During a fight  
between sailors on board the brigantine Ida  
Maud, loading oats at Charlottetown for  
Demerara, the first mate, James Smith, was  
fatally stabbed by Juan McCaldo, a Span-  
iard.

## BRIBED BY MERCHANTS.

A NEW WAY OF SWINDLING IN THE  
CUSTOM HOUSE.

Israel Hamburger Accused of Emptying  
Boxes of Imports and Sending Them  
Back Full of Rubbish—A Warning From  
the Secretary of the Treasury.

NEW YORK, Dec. 9.—Another fraud on  
the revenue was exposed yesterday. Samuel  
Gabriel, who was for some time a clerk in  
the employ of Israel Hamburger, an im-  
porter, of No. 332 Broadway, was the in-  
former. Hamburger is the accused person,  
and Walter S. Hill, lately United States  
storekeeper in charge of Gouraud's bonded  
warehouse, Nos. 102 and 104 Greenwich  
street, is an alleged accomplice.

All these persons, with the exception of  
Hill, were before Collector Magone, who ex-  
amined them very closely, being assisted by  
A. D. Parker, formerly his private secretary  
and now the chief clerk in the office of District  
Attorney Martine. Gabriel's story was that  
two or three years ago Hamburger imported  
a lot of merchandise that was placed in Gour-  
aud's warehouse in bond; that, through the  
connivance of Storekeeper Hill, Hamburger  
was enabled to remove the merchandise from  
the boxes in which it was imported to his  
own store and to pack the boxes with refuse  
matter or rubbish and export them back to  
Europe, thus evading the payment of duty,  
as the government does not exact the duty  
until the merchandise goes into consumption.  
Gabriel says that Hamburger repeated this  
operation seven or eight times.

When Hamburger was examined he ad-  
mitted most of Gabriel's statements to be true.  
He claimed that he did not fill the box with  
rubbish but with other merchandise. But this  
does not alter the character of the of-  
fense, which the collector said was "fraud"  
and punishable by a fine of \$5,000 and im-  
prisonment. Hamburger claimed that he de-  
frauded the revenue in this way two or three  
times. He was asked whether he had paid  
money to Storekeeper Hill. He replied that  
he had lent Hill money, but admitted that  
he had no idea that he would be repaid, and  
said that he had "several customers" to whom  
he lent money in the same way.

Altogether he thought that he had given  
Hill about \$150. The collector said that he  
would let Hamburger off if he would pay the  
government duties of which it had been de-  
frauded, namely, \$848.64 with interest for  
two years, making the total amount about  
\$950. Hamburger said he would pay and  
was put in charge of a detective until he  
should produce the money. It is understood  
that the collector intends to use Hamburger  
as a witness against Hill, who is under in-  
dictment for having allowed Fings & Pin-  
ner, the importers, to withdraw goods from  
bonded warehouses without a permit. Hill  
was removed from the custom service three  
months ago.

A Warning From Washington.

WASHINGTON, Dec. 9.—The secretary of  
the treasury has issued a circular to customs  
officers setting forth the importance of a vigi-  
lant scrutiny of each invoice and entry in  
order to ascertain if either was made with an  
actual intention to defraud the revenue. He  
quotes the laws on the subject as conferring  
large powers on collectors and naval officers  
to discover and prove such frauds, and says  
that henceforth the president will hold them  
to a strict personal responsibility for the  
faithful execution of the same. The circular  
concludes as follows:

"This department and the good repute of  
the chief customs officers at the several ports  
suffer, in the estimation of congress and the  
country, by the insinuations, more or less  
distinctly put about in Boston and elsewhere,  
that great frauds are committed against the  
revenue by false invoices or false entries, and  
especially in New York, and that such frauds  
are not vigorously dealt with for the reason  
that the anti-Moisture law of 1874 deprived  
collectors, naval officers and surveyors of a  
large and clearly defined share of the pro-  
ceeds of shares and forfeitures."

A PAIR OF QUAKES.

One at Columbia and the Other Down in  
Missouri.

COLUMBIA, S. C., Dec. 9.—There was an-  
other earthquake shock here about 4:30 to-  
morrow. It was very perceptible, waking  
up sound sleepers, and the tremors appeared  
to last fully one minute.

In Missouri.

MISSOURI CITY, Mo., Dec. 9.—A distinct  
shock of earthquake was felt here at 8:30  
o'clock last night. A low, rumbling noise  
was first heard and a perceptible jar followed,  
shaking buildings and rattling windows. Its  
duration was about three seconds.

Discriminating Railroads.

OTTAWA, Ont., Dec. 9.—Commercial men  
of Halifax, N. S., are protesting against the  
discriminations the Canadian Pacific and  
Grand Trunk railways are making against  
them. It is claimed that a recent advance in  
the tariff makes a discrimination of eighteen  
cents a barrel on breadstuffs, etc., in favor  
of Boston and against Halifax, which tends  
to throw the entire trade of Nova Scotia into  
the hands of Boston merchants.

Remorse and Suicide.

COLUMBUS, Ind., Dec. 9.—John Hachett, a  
handsome and highly respected young fellow  
of twenty-one, living four miles south of  
Nashville, recently betrayed Miss Sarah  
Bradley, who made her home at his father's.  
The state prosecutor had young Hachett ar-  
rested and lodged in jail, charged with bas-  
tardy. Last night, stinging under the dis-  
grace and suffering from remorse, he blew  
out his brains with a rifle.

Killed at a Dance.

LEBANON, O., Dec. 9.—During a dance at  
Isaac Madson's house early yesterday morn-  
ing, George Scott shot and killed Isaac  
Smith. The latter was drunk and making a  
disturbance, when Scott stepped up and de-  
liberately shot him, mounted his horse and  
escaped. The murderer is a desperate man  
and an ex-convict. Smith was quiet and in-  
offensive when not in liquor.

Hoen Acquitted.

CLEVELAND, O., Dec. 9.—Louis Hoen, the  
young bartender who killed saloon keeper  
Selvert last June, has been acquitted. The  
public demonstration was in his favor.

## OCEAN WRECKS.

Two Vessels Driven Ashore and Their  
Crews Saved in the Nick of Time.

SCITUATE, Mass., Dec. 9.—Shortly after  
noon yesterday, a large brig went ashore  
near Scituate Light. She was discovered by  
the villagers when the sea was breaking over  
her decks. The crew of nine men were safely  
taken ashore. Ten minutes after the vessel  
went to pieces. The brig was the Susie Kyf-  
fen, Capt. George Kyffen, of New York,  
valued at \$5,000, and partly insured. She  
was from St. John for New York, with a  
cargo of spiles and loth.

Later in the day the schooner Florence A.  
E., Capt. John Quick, from Lunenburg, N.  
H., with 25,000 bushels of potatoes for Provi-  
dence, was driven ashore here. A line was  
shot aboard and a breeches buoy rigged, by  
which the captain's son and daughter, and a  
lady passenger, the crew of five men and the  
captain were with much difficulty landed,  
the line being so low that for a considerable  
distance the rescued people had to be drawn  
through the water. All hands were badly  
chilled. The vessel will probably be a total  
loss. She is not insured, and is valued at  
\$5,000.

A HORRIBLE BUTCHERY.

A Negro Suspect Brutally Murdered in  
His Own Door Yard.

SHEPHERD, Tex., Dec. 9.—Monday night  
a party of eight or ten men went to the  
house of James Connor, a negro, who lives  
on Big Creek, near this place. They called  
Connor to the yard, threw him to the ground,  
cut his entrails out and left him for dead.  
Yesterday morning the bleeding and dying  
Connor was discovered still living and able  
to give the names of the parties who butch-  
ered him. Sheriff Poe immediately organ-  
ized a posse and arrested several of the  
accused parties and put them under a strong  
guard.

Some of the most prominent citizens in the  
county are implicated in the horrible affair  
and it is feared on account of the arrests al-  
ready made by the sheriff that it may prove  
disastrous to himself and posse before morn-  
ing. The friends of those under arrest are  
desperate, and the sheriff is a man of nerve,  
hence serious trouble is anticipated. Connor  
was suspected of being implicated in the  
Cold Spring mail robbery near Shepherd a  
few weeks ago.

Henry George's Reply.

NEW YORK, Dec. 9.—Henry George's re-  
ply to Archbishop Corrigan's criticisms upon  
his land theories is published to-day. He  
points out that the archbishop has made no  
distinction between "ownership of land" and  
security in possession of land. The latter  
can be guaranteed without the existence of  
the former. He also calls attention to the  
fact that the encyclical of Leo XIII de-  
nouncing those who assail "the right of  
property which is sanctioned by the natural  
law," upon which condemnation the arch-  
bishop based his pastoral, does not include  
land, but specifically refers only to property  
which is the result of human exertion. Mr.  
George says: "Cannot the community re-  
serve the ownership while guaranteeing pos-  
session, quite as well as can an individual?  
Cannot the community receive rent as well  
as can Mr. Astor or the Trinity church cor-  
poration?" Mr. George's reply teems with  
illustrations drawn from the Mosaic law,  
from history and from the declaration of  
several eminent Catholics, in support of his  
views.

Murder in the First Degree.

NERRANKA CITY, Neb., Dec. 9.—On the  
20th day of April last this community was  
startled by the announcement that Maggie  
Shellenberger, the eleven-year-old daughter  
of Leander Shellenberger, a farmer, was  
found murdered, her throat being cut. Her  
father and stepmother were indicted for the  
crime at the April term. He was defended  
by the ablest counsel in the west, and great  
interest was taken in the trial. All the evi-  
dence produced was purely circumstantial.  
Joe Lee, the thirteen-year-old brother of the  
murdered girl, being the principal witness  
for the prosecution. The jury yesterday  
afternoon returned a verdict of guilty of  
murder in the first degree. The verdict  
meets with general approval by the entire  
community. His attorneys have moved for  
a new trial.

Charged With Forgery.

TORONTO, Ont., Dec. 9.—Thomas H. Mc-  
Duffy, a married man, aged about thirty  
years, of Dallas, Tex., was arrested here last  
night on a charge of forgery. He was em-
